Beulah College Plans Construction Of New Athletic Field

Land To Be Donated by J. P. Bert

An athletic field for Beulah college, considerably increasing the future size of the campus, was foreseen today with the disclosure that J. P. Bert, 563 North Third avenue, is donating the land for that purpose.

The Upland planning commission last night approved the request of Mr. Bert for the extension of a lot so that the rest of the property could be given to Beulah college.

The field will be located on the north side of Arrow highway, about 700 feet west of San Antonio avenue, northwest of the proposed gymnasium. It will include a track, baseball and football fields. It is understood that it will be used for general athletic purposes.

As outlined before the planners last night, the property will be 183 by 425 feet. Mr. Bert will dedicate 72-foot right-of-way west of the property line for an alley.

Survey Maps

A number of record of survey maps were considered or approved by the planning commission and included:

Malvern Gilmartin — Two lots on north side of street, 408.90 feet east of center line of San Antonio avenue.. These lots to be 132.36 feet deep with one 50 feet wide and other 57.

John O. Wilkins—Lot on north side of Ninth street, 742 feet east of Eleventh avenue. Size of lot, 112x250. Planners suggested he have surveyor make out plans showing provisions for the channel and border road of the channel.

Vernon K. Sheets—Two 250x50 foot lots on north side of Ninth street, east of Eleventh avenue.

TALES OF Two Cities

POLITICAL POT

With only about five and a half days left for candidates to file, it seems that either everybody is waiting for the deadline or there just aren't going to be very many candidates for the Upland city council this year.

There are three vacancies on the council this year and as this is being written only three have indicated that they are interested. If nobody else should enter the race, then the present contenders would all ostensibly be elected. Of course, Mayor Eugene C. Nisbet hasn't spoken yet whether he will seek reelection of not.

We've been hearing rumors for the past week now about three or four others who are planning to offer themselves as councilmanic candidates but so far there has been no word, official or otherwise.

The next five days might be very important ones. Either we have a pretty interesting election or we don't. It seems right now as if everybody is waiting for everybody else. In other words, "After you, Alfonse."

FREEDOM TRAIN

People who want to see the Freedom train might be interested in the following information. The 'train' will be on exhibition to the general public from 10 a.m. to 10 p.m. and will be located at the west end of the San Bernardino air force base in San Bernardino. The entrance is at gate No. 1 at Mill street and Tippecanoe avenue. The automobile exit will be at 'L' street, west end of the field.

SILVER

Harry Wright, who made arrangements for cash prizes given to poster winners at the Upland junior high and elementary schools, had the entire amount of prizes in silver dollars. Wonder if Harry took a trip to Nevada lately.

Housing Plan Draft Presented

WASHINGTON (AP)—A housing program that would cost the government about $1,000,000,000 the first five years was laid before a congressional committee today.

Senator McCarthy (R-Wis.) presented the draft of a proposed bill to the House-Senate Housing committee. He is vice-chairman.

The measure is intended to encourage the construction of 1,500,000 new homes a year for the next decade. A big share would be homes for rent to low-income families.

To attract investors to construction of this type of dwelling, the bill guarantees a profit of from about 3½ to 5 per cent a year.

If the investor built homes or apartments to rent for less than $50 in cities of 500,000 or larger population, and less than $40 in smaller cities, there would be these additional inducements:

1. The income from such projects would be exempt from income tax.

2. A total of 50 per cent depreciation for tax purposes—against other income—would be permitted.

3. Local communities would be called upon to give aid in the form of land, labor, materials, tax concessions and cash.

"If that program has not produced several hundred thousand low rental houses a year from now, I'll buy you each a steak," McCarty told reporters.

McCarthy added, however, that he will not introduce the bill in the Senate until the joint committee has had a chance to study it and suggest changes.

Red Rule Of Czechs Complete As New Cabinet Sworn In

President Benes Administers Oath To Ministers

By A. I. GOLDBERG

PRAGUE (AP) — President Eduard Benes today swore in a new government loaded with communists—a cabinet he is reported to have said "could have only evil results".

The frail, weary president received communist Premier Klement Gottwald and the 12 new members of the cabinet at the presidential palace and told them "the decision to accept you was difficult personally for me".

The meeting was polite and stiffly formal. As the president spoke, communists throughout the country were going ahead with swift determination to reorganize the country's entire industrial, educational and everyday life.

A presidential secretary said Benes has not resigned, but de-

See Tension In Finland

HELSINKI, Finland (AP) — Tension suggesting an atmosphere of government crisis pervaded Finland today with the announcement that Moscow has sent Helsinki a proposal for a new treaty.

The foreign ministry announced Russia has sent a letter direct to President Juho E. Paasikivi. The ministry did not say what kind of pact was intended.

A semi-official source said the letter was signed by Prime Minister Stalin.

Diplomatic quarters said the Russian letter was a "Soviet program declaration". Reports persisted that high-level discussions were under way in the Finnish government concerning a "new development in Russian-Finnish relations".

The cabinet met with the president this morning. Its discussions were kept strictly secret.

May Restrict First Session To Matters Of State Budget

SACRAMENTO (AP)—A drive to restrict the scope of the state's first budget session of the legislature to budgetry matters had some support today.

First of the tangible moves was the decision of a joint Senate-Assembly committee to recommend creation of a screening committee. It would be composed of five assemblymen and three senators. They would pass on all bills to determine whether (1) they come within the definition of a budgetary measure, or (2) qualify as real emergency legislation. Amendment of the standing rules would be required to set up the committee.

Loyalty Check Discloses Only 150 'Suspects'

WASHINGTON (AP)—The FBI in checking the loyalty of some 85,000 Federal workers found reason to suspect fewer than 150 of them.

This was made known in hearings published today by the House appropriations committee.

FBI Director J. Edgar Hoover told a subcommittee December 10 his agents had investigated 84,923 employes under the current loyalty program, and had completely cleared 84,780.

Of the 143 field investigations necessary, only six had been completed at that time. Two of the six were cleared and the other four resigned before their investigations were finished, Hoover said. He added:

"This number (143) is a very conservative one, and does not reflect that the program is one of hysteria or panic."

Hoover said the FBI has accumulated 410,211 fingerprints in Federal loyalty investigations, and has linked 11,521 with police records.

Atomic energy commission investigations have brought in 71,920 fingerprints, he added, with 6,221 found to have police records.

Much of Hoover's testimony about investigations was "off the record".

Shakeup Seen In Demo Party

WASHINGTON (AP)—A shakeup in the embattled Democratic party after the presidential election was predicted today by Senator George (D-Ga.).

Without passing on President Truman's chances in November, George said he believes southern opponents of Mr. Truman's civil rights program are going to have a great deal to say about the future complexion of their party.

As he spoke Dixie Democrats fought a delaying action in Congress against enactment of the civil rights plan. But in the southern states themselves, the drive to bar Mr. Truman's name on the official ballot gained momentum.

Sought by Police

Burglary of South Euclid school was reported to Ontario police yesterday afternoon.

GOP LEADERS

Call for Military Aid To China Along With Greco-Turk Request

WASHINGTON (AP)—Two top Republicans proposed today that Congress lump military help for China with the $275,000,000 Secretary of State Marshall asked for Greece and Turkey.

Senators Taft (Ohio) and Bridges (N.H.) told reporters they will suggest that some funds be found to help Chiang Kai-Shek's government fight communists with bullets when the Greek-Turkish proposal comes before the Senate.

Taft heads the Senate's Republican policy committee. Bridges is chairman of its appropriations committee which helps decide how wide to open the government's purse.

In letters to both houses, Marshall yesterday said it will be necessary to make an additional $275,000,000 available to keep the pipelines to Greece and Turkey full of military supplies after April 1.

The cabinet officer coupled with his appeal this warning: that the leaders of Russian expansion are counting on American weariness in helping "far off Mediterranean countries" to let the communists take over "by default".

Marshall's request for the new aid program was his first major action in the "cold war" with Russia since the communists seized power in Czechoslavia.

Actually, it had been decided to ask additional military help for Greece and Turkey before the Czech crisis developed.

In 1906, the family came to reside on West A street. Mr. Alter served the city as mayor from Dec., 1916, to April, 1918.

An entrant from Riverside college placed second.

Fitzgerald chose "Britain's Responsibility in the Palestine Conflict" as the topic of his eight-minute dissertation. He was selected to represent Chaffey by winning over other contestants in preliminary speeches at the college last week.

Homer Davis, Chaffey college speech instructor, coached Fitzgerald at last night's meet.

Each contestant last night was given a choice of three sub-topics on the general subject of "The Palestine Question."

Conference schools participating included Chaffey, Fullerton, Santa Ana, Citrus, San Bernardino, and Riverside. Mt. San Antonio was not represented.

Pleads Guilty To Check Charge

Charged with issuance of non-sufficient fund checks to two Upland concerns, George F. Marshbanks entered a plea of guilty to misdemeanor charges before Judge Fred H. Jacobs in justice court here yesterday.

He was sentenced to two six-months terms in the county jail, the sentences to run consecutively.

Marshbanks has been wanted here since last summer when he gave the checks, drawn on a Denver bank, to Scott's Jewelers and Walkers' Market.

The check to Scott's was for $6.68 and to Walker's for $25. Marshbanks was recently apprehended in Bakersfield.

Felony charges against Marshbanks were dropped and a plea on the lesser counts accepted by the court.

Ex-Navy Officer, Psychologist, Minister, That's Story Of Rev. John Haile, Cucamonga Pastor

By BETTY KALAGIAN

It is hard to believe that the Reverend John Haile, pastor of the Cucamonga Community church was once a regular Annapolis Navy man. Yet, still more unusual is the fact that he was also former assistant dean of men at S. C., and more recently professor of psychology at the University of Redlands.

Add to this portrait four healthy daughters of various ages, and it is easy to see why this man has a very special interest in the problems of youth.

Generally, the minister-psychologist, in spite of the repercussions of the second World War has more than an optimistic hope in the youth of today. Strangely enough, however, it is not the young people who came out of the war who seem to concern him most. His deepest anxiety is for the growing youngster, for parents, and for the deep gap that exists between age and youth.

For example, "the big problem facing youth today," said the Reverend Haile, "are parents." Parents he acknowledged are people born with the urge to be independent, "but in ignorance they sometimes unknowingly do their children the greatest harm." Statistics reveal, he said that the worst offense is that parents shield their children too much. Many overlook the important trial and error method.

Better Pals

The old-fashioned parents of a generation ago, he confessed, were far better pals to their children than the modern fathers and mothers. "Parents take less time with their children today than they did when life was less complicated. The old fashioned parent took more time to live, and the home was more a community of interests." Old fashioned parents he admitted however, did tend to be too strict in the matter of discipline. The ideal course he said "lies in the middle channel." This means, he added, that "age and youth should be able to share joys as well as problems together."

Like most modern psychologists, the Rev. Mr. Haile holds to the theory that the first five years of the child's life are the most critical and important. However, going a step further, he stated that the stages between 18 and 22 are equally as important. "This is the stage when youth gets ori-

A special train will carry California delegates there, and a post convention trip in Mexico is scheduled for all who can take advantage of it.

Miss Ethel Jean Wilson, delegate, and Miss Ada Cooper, alternate, will represent the Upland club at this conclave.

"Many times a year the people turn to the Red Cross—once a year the Red Cross turns to the people; that time is now."

Statement by President Truman in March, 1947

Now...once again it's Red Cross Time!

Out of human suffering the Red Cross was born.

At the scenes of human suffering the Red Cross takes its place.

Emergency is its call to service. The unpredictable disaster—the uncontrollable flood and raging fire, the stealthy epidemic—when these *strike,* your Red Cross quickly reaches the victims, to comfort, sustain and restore.

The Red Cross must be prepared to spring instantly into action, any time, anywhere.

And the Red Cross *will* be ready. It will be ready because your generous dollars always have made possible its merciful work.

For the sake of the unsuspecting thousands who will be stricken this year...for the sake of those destined for injury and anguish...the Red Cross now turns to you.

It's March—and Red Cross time. This is the annual appeal the Red Cross makes so that *your* humanity may be spread throughout the coming year, among all—irrespective of race, color or creed.

You'll help again, won't you?

IT'S YOUR RED CROSS...KEEP IT GOING *Give Generously!*

CZECH LEADER READS DECLARATION

Events leading to the complete domination of Czechoslovakia by the Communists are dramatized here as Antonin Zapatocky, at microphone, Communist deputy and head of the Czech Urad, the nation's trade union congress, reads a declaration in the National theatre in Prague. clined to make any further comment for the time being.

Fill Vacancies

The ministry of interior ordered communist-inspired action committees to fill vacancies in local and regional national front groups whose members have resigned or been fired in the growing purge.

The government radio carried an account of what happened at Hradcany palace today. It said Gottwald promised the president his government would be "constitutional, democratic and parliamentary" and that he thanked Benes "for your confidence".

A close friend of the president said last night Benes had told Gottwald this new government could have only evil results and that he yielded to communist pressure only because he feared civil war.

"You're talking to me like Hitler," this informant quoted the president as telling Gottwald.

Control Radio

The government radio — like other propaganda outlets now completely in the hands of the communists — said the president told Gottwald at the swearing-in ceremony he wished "that you way will be successful and happy".

Last night the government radio announced 30 professors, described as "reactionary", were fired from 600-year-old Charles university. The ministry of education said today the firing was not permanent. . The professors, it said, were sacked because of their party affiliations, but their academic qualifications will be reviewed.

Action committees in one Prague district began seizing lodgings and turning them over to families of workers.

Other action committees hit at the Boy Scouts and the Girl Scouts; took over Bohemian distilleries for nationalization; fired two national socialists from th government radio station; removed the secretary-general of the soccer association.

LONDON (AP)—The Moscow radio said today Russia wants the three wstern powers to let Czechoslovakia, Poland and Yugoslavia participate in planning the future of Germany.

G. L. Marshall—Lot on south side of Arrow highway between Drake and Benson avenues. Flood control area shown in relation to the lot.

C. F. Eppler—Two lots east of Twelfth avenue between Ninth street and Santa Fe tracks, facing an alley running north and south. Planners disapproved this since there is no entrance to existing buildings except through the alley.

Mrs. Edna B. Dahms — Four lots on San Antonio avenue. Suggested that lots be made 141 feet deep with alleys in the rear.

The request of Harry B. Dier, 1604 East Arrow highway, for the removal of trees was referred to Chairman Roy Bradley for investigation.

Approve Change

With no protests apparent at the second hearing, the request of L. T. Walker for change in zoning of the north side of Eighth street, 600 feet west of Campus avenue, from commercial to light manufacturing, was approved, with the provision that the 147 feet in front be changed from commercial to residential. This was done by the planners because all of the area in front is now occupied by homes.

H. M. Sturgess, 132 West Eighth street, was told to make a formal application for a variance when he requested that he be given permission to make his present dwelling into two separate apartments. The property is now in the single family zone.

Ernest W. Fischer, who presented tentative plans for a subdivision on the north side of Eighth street between Fern and Palm avenues, was told to have a record of survey map drawn and present again to the planners.

A map was also required of Miles Gregory, 345 West Arrow highway, since he desires to divide his lot into two 50-foot lots.

INDIO (AP)—Fire which destroyed eight sleeping rooms, three apartments, a house and a house trailer last night threatened the town of Thermal, but a bucket brigade may have saved the town.

ented in life's works and mates."

Opportunity

Not all churches are equipped as is the Cucamonga church to give its church school children personality and aptitude tests. But churches in any community, according to the Rev. Mr. Haile, have a great opportunity in the field of youth education. "The church should center its program around the special needs of youth," he said. Such a program, he believed, "should also focus attention on occupations and marriage and the responsibility of good citizenship and marriage.'

About the young college age group the minister found much hope and praise.

"It is probably a fortunate time for youth to be in college," he elaborated. "For bigger problems mean bigger opportunities, and because students are aware of these tremendous problems they can capitalize on them."

Lot of Thinking

College students are doing a lot of thinking, he observed. Many of his former students he found "question the values of our civilization and some are out to get whatever they can without too much concern about morals." Quite regrettably he further added, "Most of them feel that somewhere along the way the church has failed." Such attitudes, he explained, might be the result of battle experience, lack of perspective as well as the post-war break down of the home.

"War breeds war," he said, "so youth is naturally more militaristic." However, he also found that the recent war has at the same time made many of them less prejudiced.

"No," he later summarized, "I don't think we'll have to worry too much about our college youth and ex-GIs. They're sound, level headed youngsters. And somehow I know they will work their problems out."

SAN FRANCISCO, (AP)—The California CIO has been warned by national officers to get in line with the union's national policy supporting the Marshall plan and opposing the third party campaign of Henry Wallace, the San Francisco Chronicle said today.

Ben Franklin Great Man With Creative Ideas, Cook Declares

Because he gave many years of his life for public service and because he was a great man with powerful creative ideas and had the ability to make those ideas work, Benjamin Franklin was one of America's greatest citizens, Harold W. Cook said, in speaking at the meeting of the Upland Linos club in the Upland Woman's club house at noon yesterday.

The Upland school superintendent ranked the early printer, publisher and statesman as third in the list of great Americans. Abraham Lincoln and Thomas Jefferson were placed by Mr. Cook ahead of Ben Franklin, with George Washington fourth in the list.

Someone described Franklin as a "Harmonious Human Multitude", and Mr. Cook concurred with that and recited in an illuminating address the many achievements of the distinguished American.

Interested in every field of human endeavor, Franklin devoted 40 years to public service. He was ahead of all other citizens in advocating freedom and through his efforts the nation's first public hall was erected in Philadelphia.. Among many of his other "firsts" was the formation of the first volunteer fire department in Philadelphia and establishment of the dead-letter department in the post office. He vigorously fought for reforms and was recognized and honored wherever he went because of his great creative ideas and his clear vision in planning ways to help people, Mr. Cook said.

The speaker was introduced by Program Chairman Leigh Thompson, with President Sam D. Barker, presiding.

George Eyer was introduced as a new member of the club with his formal induction to be held next week.

Dixie Rebels Want To Drop Truman, Now That He Doesn't Have a 'Chance'

Southern senators and governors seem to be getting bolder by the day. Their latest is that they are going to convince northern Democrats that President Truman doesn't have a chance to win in November and that another candidate ought to be nominated.

The spark that has ignited the "fire" down there in Dixie is the Truman proposal for a civil rights bill which would include Negroes in the south as well as everywhere else in the country. That is the only reason that the southern politicians have given for their breakup with Truman. Apparently, they are in perfect accordance with all the other policies of their president.

They offer several candidates who they think could replace Mr. Truman, notably Secretary of State George Marshall and Sen. Byrd of Virginia. If pressed, they probably could suggest many more, with most of them likely coming from south of the Mason-Dixon line. It has been quite apparent in our history that no southerner can ever be elected president and yet the "boys from Dixie" want to shed Truman because he can't win in November. Perhaps a little re-reading of U. S. history since the Civil War would enlighten them considerably.

What the "southern clique" in the Democratic party is finally going to do is an open question. For 16 years they've stuck along with Franklin Roosevelt and Harry Truman but now that it looks like a Republican victory is just around the corner, they're beginning to strain at their leashes a little. This is specially noticeable when we remember that Mr. Roosevelt was considerably more on the "liberal" side than Mr. Truman in all respects, particularly in the case of equal rights for the Negro.

What is that they say about a "sinking ship?" It looks like that might be it and the southern politicians aren't going to take any chances. They've long been used to seniority rights in congress and they're going to try some way to let everybody know just how important they are. How much this is going to impress the Republican president in the White House next January is a little bit doubtful, to say the least.

The story of Czechoslovakia the past 10 years has been one of tragedy. First, in 1939, it was "sold out" to appease the hungry appetite of a Nazi dictator, and now with the war over, it comes under the heel of the Communists.

The Long regime is back in Louisiana again. All we need now is for young Talmadge to become governor of Georgia and the cycle will be complete.

WHAT'S AHEAD?

Spread of Communism in Europe Following Same Pattern as Nazis

By The Associated Press

Before Hitler's Germany went to war, she reached out and took control of more than 100,000 neighboring square miles and upward of 28,000,000 people.

During and since the war, Russian and communist rule have spread over more than 680,000 square miles and more than 110,000,000 people to the east and west of the Soviet Union.

Hitler and his Nazis won most of their territory by sending in troops or by threatening to do so.

Russia and communism got theirs by occupying it in most cases to drive out the Germans; by winning concessions from the western allies, who needed Russia's help in the war; or by the methods of communist parties in neighboring countries, with Czechoslovakia furnishing the newest sample.

By these methods, Russia has annexed more than 240,000 square miles and 24,000,000 people, reaching on the west into Germany and on the east into islands north of Japan.

Russia's friends, the communist parties of other countries, have used various methods to win political control. In general, they have won a bridgehead in government through strength at the polls and gradually, through pressure of different kinds, whittled down the opposition until they gained control.

In the war and post-war years, at least seven countries have passed under such communist control. They take in upward of 440,000 square miles and nearly 87,000,000 people.

On The Record

By DOROTHY THOMPSON

The preamble to the European recovery program draws an analogy with the United States: "Mindful of the advantages which the United States has enjoyed through the existence of a domestic market with no internal trade barriers and believing that similar advantages can accrue to the countries of Europe, it is the hope . . . . that these countries . . . . will speedily achieve the economic cooperation which is essential for lasting peace and prosperity."

The fallacy here is, again, the belief that economic developments precede political and social institutions.

The U. S. was not created by a previous economic union. Economic union was created through the political fact of the U. S. A unified trading complex with a common currency came about because the national spirit had been born requiring unified forms for its expression. We did not create economic "cooperation". We created a nation.

Actually, some 80 years later, conflicts in economic interest brought on the Civil war. The southern states, feudal and agricultural, concluded that it was not to their economic interest to remain within the Union and pay protected prices for industrial goods in return for unprotected prices for agricultural products. They believed they would be better off in the world free-trade area created by nineteenth century Britain.

The northern states, with a rapidly growing industrial capitalism based on wage labor, regarded with concern the extension of chattel slavery. The sentimental issue of human slavery "added a powerful interest". Most powerful of all, however, was the idea of the integrity of the nation. In the end the Union was preserved at the cost—for decades—of the economic interest of the southern part.

It is dubious whether a Pan-European customs union would be to the economic advantage of each and every participating state. After World War I, it was not to the economic interest of Czechoslovakia—for instance—to join a Danubian confederation, which would have diverted trading and banking interests to Vienna. It was, however, highly to the overall interests of the Danubian states to create a federation, because they were surrounded by two aggressively minded powers, Germany and Russia. These two powers had just fought over them and would, in all probability, struggle again to make them booty. But the economic interest of some prevented the political cooperation of all.

Today, it is not the economic interest of the separate states which should be driving to create the European nation, but the military and geographical situation of all Europe. It is situated between two great powers, Russia and the United States, one of which already has partitioned Europe, both of whom might make Europe a battleground; and the struggle between whom threatens to deprive Europe—in the best case—of freedom of action.

If there is a good "European", he should therefore wish to create such united strength as would put Furone on a par with the Soviet Union and the United States, and enable Europe to maintain a neutral, independent position. But for this, parochial economic interests would have to be sacrificed, as the eastern European states—under pressure of the Soviet Union—have been compelled to sacrifice national economic interests for the sake of consolidated power.

If, therefore, a unified Europe is ever created (except by the Russian knout after the Nazi knout has failed, it positively will not be done by economic planners.

These planners will retreat when national interests are implicated. The French devalued the franc despite the fact that it is embarrassing to Britain and that Mr. Schuman and Mr. Bevin subscribe to the idea of "economic union".

If a united Europe comes into being, it will be under leadership not pre-eminently economic-minded but filled with fervor for the idea of Europe—able to incarnate anew Europe's spiritual essence and raise a banner for which men will even sacrifice economic interest.

For, before nations will "cooperate" economically, they must know what they are co-operating for. They must—in short—love something they hold in common, over and above economic interest.

Bumstead's sporting goods quintet of Ontario advanced to the semi-finals of the Colton Independent tournament last night when they dumped the Redlands American Legion, 52-35.

General Electric, other local entrant in the tourney, bowed to Barstow, 45-35, and were thus eliminated in the championship flight.

Tonight at 8:15, Bumstead's will clash with Curt's Drive-In of San Bernardino for the right to meet Barstow for the tournament crown.

The All-American combine of Art Stoefen and Eddie Oram once more paced the sporting goods quintet in their victory.

Two Named To Hall of Fame

NEW YORK (AP) — The late Herb Pennock and Harold (Pie) Traynor were voted into baseball's hall of fame today by the Baseball Writers association. Their names will be enrolled in the Cooperstown (N. Y.) shrine alongside 46 others.

Pennock, the great left-handed pitcher who died JJan. 30, led th candidates with 94 votes. Traynor, Pittsburgh third baseman for 17 years, polled 93. According to the rules, 75 percent of the 121 votes cast were required for election.

A total of 136 players received votes, but many were ineligible.

Invitational Meet Set

Invitations to participation in the twenty-second renewal of the Chaffey Invitational track and field meet are in the mails to schools all over Southern California. Ernest W. Fischer, high school principal, has announced.

The all day affair will be staged this year on Saturday, April 23. Preliminaries come in the morning and finals in the afternoon.

Begun in 1926, the meeting has been held each year since that time save for a two-year period during the war.

Invitations have gone out to some 40 schools.

REF'S WHISTLE WON'T MEAN A THING AT CASABA TOURNAMENT FOR DEAF

SALT LAKE CITY, (AP)—Hand signals—not whistle-toots—will control play in this basketball tournament.

Eight teams begin play tonight in the third annual far west basketball tourney for the deaf. Officials explained that the referee will blow his whistle as usual—but for the benefit of the fans alone.

For the players, the referee will use hand motions.

The defending champion team from Los Angeles is favored to win again and gain the right to enter the national tournament at Philadelphia next month.

First round pairings:

Tucson vs. Hollywood; Oakland vs. Salt Lake City; Portland vs. San Francisco; Gooding, Idaho, vs. Los Angeles.

BIG LEAGUERS OFF FOR CAMPS; COASTERS CONTINUE DRILLS

WHITTIER (AP)—The Chicago White Sox, who have working interest with Hollywood, are keeping an interested eye on the Stars' training camp here, and the Hollywoods will return the compliment when the Pale Hose open camp next week.

RIVERSIDE (AP) — The main force of the Portland ball club won't arrive until Monday, but Manager Jim Turner has 16 pitchers on deck for early workouts.

FULLERTON (AP) — Swelling the camp to 31 players, and more to come, seven newly arrived athletes were in the Los Angeles Angels' fold today.

LOS ANGELES (AP)—Leo Durocher is off to the baseball wars. The Brooklyn Dodgers manager left by plane last night for New York after spending the winter in California. The Dodgers set up training shop in Santo Domingo next week.

ANAHEIM (AP)—There's a lot of power left in the batting swing of Ernie Lombardi, former major league catcher. He smacked the first three batting practice pitches over the left field wall, 370 feet away, at the Sacramento Solons' training camp. The Solons have 15 players in camp.

BOYES HOT SPRINGS (AP)—Such defensive tactics as covering first base, pivoting for double plays and bunting occupied the pitchers tuning up today at the San Francisco Seals' training camp.

BOSTON (AP) — No matater what the weather, spring is in the air for New England baseball fans today.

Vanguards of both the Braves and Red Sox leave on the same train for Florida training camps.

Walcott Will Sign Today

CAMDEN, N. J. (AP)—The return heavyweight title bout between Champion Joe Louis and challenger Jersey Joe Walcott is scheduled to become official today.

Jersey Joe, beaten in a split decision last December, announced last night that he had agreed to meet the Brown Bomber at the Yankee Stadium June 23, and would place his name on the contract.

Louis, In England for a series of exhibition bouts, previously had signed.

Talon Favored In 11th Running Of Anita 'Cap

ARCADIA (AP)—The eleventh running of the $10,000 Santa Anita Handicap comes off tomorrow, and once again international turf interest is beamed on this gold mine track.

The line-up was expected to read something like this:

Talon, On Trust, Double Jay, Autocrat, Flashco, Amble In, Bridal Flower, Endeavor II, Shannon II, Miss Doreen, Elpis, Terry Bargello and Class Day. Extremely doubtful was the 1947 winner, Olhaverry, victim of a foot injury yesterday.

Perhaps a trifle optimistically, the track expects upwards of 80,000—some 15,000 more than it can accommodate in comparative comfort.

Clear weather and a fast strip are promised.

The big favorite to capture the mile and one-quarter race, with its guaranteed purse of $100,000, is the six-year-old dappled grey from Argentina, Talon, with Jockey Eddie Arcaro up—unless it comes up mud.

The Talon rooting echoes from his convincing triumph in the $50,000 San Antonio Handicap two weeks ago over much th same field.

If it rains and thhe track is off, look for Talon to stay in the barn.

Talon is no cinch, of course, and many a mightier candidate has fallen in quest of the hundred grander's gold.

Just a year ago the mighty Armed failed. The great Seabiscuit tried three times before he hit the jackpot.

California-bred On Trust, top money winner in the field with $298,220, has a substantial following. So do Bert Baroni's seven-year-old Autocrat, and such lightweights of the array as Amble In and Miss Doreen.

TEAMS BALLOT, BUT RESULT IS SECRET

Members of the Chaffey High school and college basketball squads balloted yesterday to select most valuable players—but the result of the voting will be kept secret until the evening of March 16.

On that night, the Ontario 20-30 club is honoring both squads with a banquet at the Ontario American Legion clubhouse.

Bill Welch, noted Southland sportscaster, has been announced as speaker of the evening.

Chaffey Golfers Getting Ready

With their opening team golf match set for March 6 against Mt. San Antonio Junior college, Chaffey JC golfers are starting practice shortly in preparation for the coming OEC season.

League officials have arranged a 10-game home-and-home schedule in the links sport this year, but Athletic Director Harvey Shirk says he doesn't know if all schools will compete in the sport.

A highly satisfactory arrangement for use of the Red Hill course for twice-a-week practice session has been worked out, Shirk said.

The only returning athletes who lettered in this minor sport last year are Kenny Parkin and Harry Wright Jr.

Padres Slate Intra Squad Game Sunday

ONTARIO (AP)—Manager Rip Collins ordered the San Diego Padres into a second successive three-hour batting and running drill today. President Bill Starr announced signing of Jack Graham, hard-hitting Jersey City outfielder, who may succeed Max West, the home-run slugger drafted by Pittsburgh.

Collins has announced plans to put his charges through the first intra-squad game of the infant season at Galvin Sunday.

Tigers Draw Hoover In Tourney Opener

The Chaffey High school Tigers today are having one more fling at basketball before calling it quits for the season.

They're competing in the annual Beverley Hills Invitational tournament. The locals were booked against San Diego Hoover in their opening round game at noon today.

CHURCH OF CHRIST TO NOTE EIGHTH ANNUAL ANNIVERSARY

The Eighth Annual anniversary will be observed at the Upland Church of Christ Sunday afternoon with a program of singing and short addresses.

Looking forward into its ninth year in Upland, the church will consider the subject of "Pressing Onward," in the Sunday morning discourse by Lloyd E. Ellis, the minister. Sunday evening his subject for discussion is the topic, "Is Christ With Us?"

Following a basket luncheon in the social hall, the afternoon meeting will convene at 2:30 in the main auditorium. The welcome address will be given by A. L. Hamilton, one of the senior elders.

Special congregational singing will be led by such song directors as James W. Hoover of Ontario, O. C. Ades of Pomona, J. S. Robertson of Los Angeles, Cecil Bishop of El Monte, and Orville Young, as well as E. E. Ades, Calvin Jordan and Kenneth Taylor of the Upland congregation. There will also be special song numbers by groups from Pomona, the Ontario Children's Home, Upland, and the Robertson Brothers quartet.

Short addresses are to be given by Seth E. Rehkop, minister of the church of Christ in Pomona, and Marvin R. Tate, manager of the Ontario Children's Home. Both speakers are former ministers of the Upland Church of Christ.

Following the anniversary observance on Sunday, the church will have a series of lectures on the general theme of "The Church —An Educational Institution," each evening from March 1 to 5 at 7:30 p.m. Speakers and their topics are as follows:

Monday—"The Purpose of the Church," Woodrow W. Hughes, minister of the Church of Christ, Ontario.

Truman Starts Last Vacation Before 1948 Campaign

KEY WEST, Fla. (AP)—President Truman began today what may be his last extended vacation before the 1948 presidential campaign.

He relaxed at his favorite vacation spot—the naval submarine base here—after a Caribbean trip which carried him to the Virgin Islands.

UPLANDERS TO HEAR BROADCAST

An appeal on behalf of Europe's needy, such as the war orphans shown above, will be made over a nation-wide hookup to all members of the Episcopal church at 11:32 a. m. Sunday by Presiding Bishop Henry K. Sherill. The broadcast will be heard locally over station KOCS. Bishop Sherill heads his church's drive to raise a million-dollar Presiding Bishop's fund for World Relief.

ST. MARK'S PARISH TO HEAR BISHOP'S PLEA BY RADIO

Members of St. Mark's Episcopal church and of the community at-large will hear a plea for European aid by the Rt. Rev. Henry Knox Sherrill on Sunday morning by means of a nation-wide radio arrangement, the Rev. John Luther, rector, announced today.

Bishop Sherrill, presiding bishop of the church, is scheduled to begin his address at 11:30 a.m., and will be heard over station KOCS in this area. Arrangements have been made for the broadcast to be heard at St. Mark's church.

In view of the needs of the hungry, sick, and naked peoples of Europe, a plea will be made by Bishop Sherrill for a million dollars.

The Episcopal campaign is believed to be the first important relief effort of this year by any church, and it is the only church campaign ever to be inaugurated with the assistance of such an extraordinary radio arrangement.

Bishop Sherrill's voice will be heard in thousands of churches from coast to coast, through a combination of network and independent radio stations so vast that it will reach the smallest and remotest mission as well as the city churches.

Lord's Prayer To Be Topic

Third sermon in a series of six on the Lord's Prayer will be given Sunday morning, 11 o'clock, at the Bethel Congregational church by the minister, the Rev. Donald W. Head. The series is being given through Lent.

Organ numbers for the service are "Canon," by Grieg, and "Impromptu," by Arensky. The Bethel Choir will sing the anthem "I Sought the Lord," by Stevenson, and Bette Boggs, solcist, will sing "Resignation," by Roma. S. Earle Blakeslee is the director-organist.
